March 16, 2020

Dear Students, Clients, Friends, and Supporters,

Following guidance from local and state authorities and out of an abundance of caution, AACA will close its physical campus from March 16 to April 7. AACA will reopen April 8.

While there have been no confirmed or presumed cases at AACA, AACA is doing this to protect the health of its staff, students, clients and community. We will continue offering services and classes remotely. To learn more about classes and services, contact AACA staff listed under each program on the website, www.aaca-boston.org, or call the main AACA number at (617) 426-9492 ext 0.

For regular updates on class and service availability, please visit the AACA website, mobile app, or social media. Thank you for your patience during these unprecedented and challenging times.

Sincerely,

Mary Chin
